

# Digital Planning

## PLAN FOR THE END SEMINAR SERIES

**Do you know what happens to your digital life after you die?**

**Are you aware of what digital assets you have?**

**Do you have a Digital Will and a Digital Executor?**

The ways in which we communicate, live, die and grieve have all changed with the digital world. Social media, photos, emails, blogs, online assets are all a part of our Digital Identity and can be difficult to access and manage once you have died.

In this half-day seminar, we will explore the digital world and I will break it down into easy to understand concepts so that you can confidently create a Digital Will and know that your online assets and identity will be protected.

**Saturday 1st April**

**10am - 1pm**

**Fremantle Area**

**Senior Card Discount**

**Bookings Essential**

**Contact Nicolette 0416344175 or via website**
